## **SideBarType RSS Keygen Full Version**

The iWave Multi-function Scanners are designed to offer maximum versatility in the way of scanning. They can be used as an ordinary flatbed scanner, with a scanner window located on one side and an integrated document feeder, and as a reading tray for virtually any e-book reader. This unit is the first of its kind to feature iWave Advanced, the newest generation of flatbed scanners. The design delivers a unique flatbed scanner, with a window that opens on the sides. This allows access to scan-in and scan-out as well as easy insertion and removal of documents. The high resolution 1200DPI and 2400DPI scanner scans from 5.0 to 4.0 inches and 300 to 600 dpi. It offers a maximum scanning resolution of 6.3 by 8.5 inches. Scan times are faster than a laser scanner, and print times are typically 1-2 minutes for an A4 page. The scanner can be used as a reading tray for virtually any e-book reader, and the iWave Multi-Function Scanners can be used as a flatbed scanner and document feeder. The iWave scanner can automatically change the height to accommodate different document heights, including letters, legal, and A4. The result is a scan that is clearer and more comfortable to read and easy to use. The iWave Multi-function Scanners are designed to offer maximum versatility in the way of scanning.
