What's New in the?

Customize your workflows to suit your needs: On-screen line drawing tools and clipboard management provide greater control and flexibility to your drawing routines. You can even cut your work to a minimum using the new command-line tool, clipboard manager, and preview. Break free from your work area: The new page layout capability lets you arrange your drawings and reports in a way that fits your needs. And you can choose from four predefined page layouts, or create your own layouts. New Tools: Simplify your workflow with design-focussed tools and improved chart creation options. Improved Plots: Simplify your plot creation with the new legend and plot notes tool. Choose from two new line plots and let your audience add annotations to your presentations. Outlook integration for email, web, and mobile: Save time and money when you collaborate and share your designs, drawings, and reports with colleagues and customers. The new AutoCAD Outlook Integration tool can pull emails directly into your drawing, or automatically add emails to a drawing. Graphical User Interface: What's new in AutoCAD 19 What's new in AutoCAD 18 New features in AutoCAD 2017 for Architecture and Engineering Snap to curves: Drawing a straight line with a straight line tool is now possible with the new Snap to Curves tool. This new tool has 2 new line drawing tools: Inline (straight line) and Continuous (drafting line). Snap to curves - before drawing The Snap to Curves tool can be used to create reference lines, grid lines, dashed lines, and the new Snap to Curves tools to draw continuous straight lines. This will make drafting lines easier and more accurate. Snap to curves - after drawing The results are displayed in the Snap to Curves tool window and you can view the results in the drawing or export a DXF or DWG file. Snap to curves in drawings with large number of layers Using the new Snap to Curves tool, you can now easily create reference lines, grid lines, dashed lines, and the new Snap to Curves tools. This will make drafting lines easier and more accurate. Toolbars: The Snap toolbar has been redesigned to reflect its new capabilities. The two new Snap to Curves
